## PRICE OF LAND TO GO SKYWARD IN KANSAS

### BETTER INVESTMENTS OFFERED IN NEW MEXICO.

Farmers There Have So Much Money They Could Afford to Buy Gold Bricks for Fun.

The following account, sent out from Topeka, isn't a circumstance to the opportunities for profitable land investments that can be had on every hand in newly-awakened New Mexico:

"The old saying of 'dirt cheap' does not go any more in Kansas. The land isn't quite as valuable as gold, but the man who has a deed to a quarter section tucked away in his safety deposit box occupies a more dignified position than his neighbor who has certificates of mining stock in a pigeon hole of his desk.

"It is estimated that in one county—Brown—the people have put half a million dollars into get rich quick schemes during the last five or six years. But the land has increased in value so fast that the investors, who for the most part are land owners, do not worry about their losses. They have just had a little experience, and, having learned their lesson, are now buying land.

"There hasn't been one instance of money being lost on the purchase of land in Kansas during the last 12 years. The land has been getting steadily more valuable and strange to say, the owners are not 'land crazy.' They just treat the increase as a matter of course.

"After the civil war land could be bought in eastern Kansas for \$3 an acre—good land, near town. And there wasn't a scramble to corner the land market at that price. In 1895 or 1896 first class quarters were bringing \$8,000 to \$10,000 and the purchaser did not have to make any special effort to keep rival buyers from out-bidding him. Ten years later there would be an occasional sale of land at \$100 an acre and most of the farmers would class the buyer as a fool, though they would not sell at a much less price.

"A year ago it was thought that the top of the land market was reached when well improved farms would sell as high as \$125 an acre and now only twelve months later, some \$150 an acre transactions are made—and once in a while, when the buildings are extra good, the price exceeds this.

"John P. McKnight Jr., a clerk in a Hiawatha clothing store, has been one of the most successful investors in land thereabouts. He was raised in Brown county and went to Chicago to work. He returned from Chicago eleven years ago with \$4,000 and bought a quarter section for \$4,800. He commenced clerking in a clothing store. His land increased in value and he borrowed more money and bought an eighty adjoining. About four years ago he sold both farms—the quarter section brought \$12,000.

"He bought more land and sold again for a profit. He bought a quarter section for \$10,500 just two years ago and loaned the rest of his money out. His rent from his farm has been about \$2,000 during the last two years, and he has just sold the farm for \$14,500, a profit of \$4,000. Mr. McKnight is now worth \$20,000 and although he has made money in all his land deals, he is still clerking in the clothing store.

### Delicious Banana Cream.

This recipe is highly recommended by one of our correspondents; try it for dessert tomorrow.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one teaspoon sweet cream beaten to a stiff froth, then add one 10c package of Lemon JELL-O dissolved in 1½ teacups boiling water. Pour into mold and when cold garnish with candied cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c per package.

### An April Fool Joke.

From the Raton Range. The Las Vegas Optic had the best "April Fool" offered so far. It told of a sale of land made "last night" to the United States Sugar company, of the vast irrigation works and machinery plant, of the immediate erection of an immense sugar refinery at an expense of \$600,000 and finished with the following:

"The entire plant will be working twenty-four hours a day about December 1. It is conservatively estimated that the combined working force of this great industry will be between 3,000 and 5,000 men. They will be worked in eight hour shifts. This is the first day of April!"

## S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. O. G. Schaefer and Red Cross Drug Co.

W. H. Byerts is no longer in the undertaking business at Socorro. The last legislative assembly passed a very stringent license law for those engaged in this line of business and this undertaker doesn't think it would pay him to comply with the requirements.

### Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all dealers.
